

ABOUT THE PROGRAM

CPD for Allied Health supports and supplements the educational needs of allied health professionals and those who work with them, particularly in rural and regional Victoria.

It is free and open to all allied health professionals in rural and regional Victoria: physiotherapists, occupational therapists, speech pathologists, psychologists and other professionals working in areas of allied health.

The program has been funded by the Department of Health in Victoria to improve recruitment and retention of the rural allied health workforce. Professionals in the metropolitan area also have access to the program online. The online program is also accessible in a number of states in Australia.

We aim to be a leader in the delivery of online learning for allied health professionals, with professional development that complements that offered by the professional associations for their respective disciplines.

Online training with CPD for Allied Health can support your professional development and help to improve patient outcomes.

HOW TO PARTICIPATE

Joining our learning network of allied health professionals and CPD experts is as simple as registering on our website at:

www.cpdforalliedhealth.org

Click the “Sign up now” link on the home page and complete your details. You will be emailed a password on completion. Please ensure you also fill in the pre-program survey so we can tailor future presentations to your needs.

Registration will give you:

- Immediate access to our online training resources and past presentations in a range of formats
- Previews of and the chance to register for forthcoming sessions, attending in person or by videoconference
- A link to other allied health professionals across the State through session-specific discussion boards

BOOKINGS AND FURTHER INFORMATION

professionals

LEARNING YOUR WAY

We arrange expert speakers, presentations and professional development resources that you can access.

- CPD online: delivered interactively via our website at www.cpdforalliedhealth.org
- General CPD sessions held at a venue in your area
- Specialised CPD sessions at your workplace
- Personal effectiveness and leadership courses

The first step is to register on our website at:
www.cpdforalliedhealth.org

“ I found this very important for all of us working in our community towards better understanding of clients/patients.”

“ Very impressive further education site.”

SESSIONS IN RURAL AND REGIONAL VICTORIA

We offer a program of 1-2 hour general presentations that can be delivered at rural and regional venues around Victoria at no cost to you on the following topics:

- Population health in Victoria: health inequalities
- Program adherence issues in older people
- Stress in allied health: How to cope and become more efficient
- Learning Styles and Adult Learning Theory
- Supporting Self Management: Common Models and Approaches
- Motivational Counselling in Chronic Disease Management
- Emotional Intelligence and Choice Theory
- Time Management and Stress
- Personality Styles and Listening Styles
- Communication Skills and Conflict Resolution
- Teamwork and Meetings
- Leadership

PERSONAL EFFECTIVENESS & LEADERSHIP COURSES

These interactive, two-day courses are delivered by professional staff from the Greater Green Triangle University Department of Rural Health. These courses incorporate the last six presentations listed above.

“I have been to various types of management training but not covered such a breadth and depth in the content”.

ONLINE RESOURCES

Our website at www.cpdforalliedhealth.org offers allied health professionals the following features, information and resources:

Upcoming presentations: information on forthcoming sessions and how to register to attend.

Completed presentations: recent and archived video recordings of presentations searchable via date or topic in alphabetical order.

Webcasts: where “recording available” is indicated beside a past presentation, you can watch a webcast of the session.

Powerpoints: Powerpoint presentations for most past sessions are available to view in conjunction with the webcast or as a stand-alone. Powerpoints can also be downloaded to your desktop and printed in PDF format.

Our IT support team will try to assist you with any connection or access problems.

Don't forget to complete our quick online evaluation form after viewing a presentation.

We offer a general, online discussion board for sharing ideas with other allied health professionals.

The website calendar features presentations allowing easy viewing to organise your own diary.

Please visit our website at: www.cpdforalliedhealth.org for forthcoming events.
